The following pages outline your academic programme

Pre-programme task: Aspects of Oxford

This is an opportunity for you to research and present on a cultural, historical, economic, political or social aspect of Oxford's rich heritage to your peers at the start of the programme. It is an enriching experience for everyone involved as it allows the teaching team to find out more about your interests, and for you to find out more about Oxford as soon as you arrive.

Please choose one of the following topic areas and come prepared to offer a 5 minute presentation on your research.

If you choose history, for example, you may like to look at a specific period or event in Oxford's history. These topic headings are guidelines only and we welcome presentations on any other aspects of Oxford that you find interesting and would like to share with your peers.

Students work individually on this task and we ask you to bring any power points on a USB stick, as external equipment is not always compatible with our college system.

Here are some possible topic areas:

Music: classical/contemporary/Oxford bands etc.

Culture: the arts/literature

History, including Economic History: e.g. the Rover/BMW plant in Cowley and migration

The university and the collegiate system

Architecture
