VIDEO COMPETITION
WHOSE STORY HASN'T BEEN HEARD?

THE CHALLENGE
We want you to make two two-minute videos - one telling the story of an unsung hero of science, and one exploring why you chose this hero.

THE PRIZE
First prize is a trip behind the scenes at the BBC with leading journalist and broadcaster Fiona Bruce. The creators of all the shortlisted videos will be invited to an all-expenses-paid celebration event in Oxford, and their videos will be published and promoted on the Hertford College website and social media.

THE DETAILS
Open to 16-18-year-olds in the UK in teams of two or three. Your video should be aimed at 12-year-olds, so must be engaging and explain ideas clearly. You don't need any fancy equipment - you can just shoot it on your phone.

DEADLINE: FRIDAY 24TH APRIL 2020
